GREETING FROM APCASH 2014 PROGRAM DIRECTOR

Dear Colleague,

Welcome to the **5th Asia Pacific Congenital & Structural Heart Intervention Symposium 2014 – APCASH 2014** which will be held from October 10 – 12, 2014 at the Hong Kong Convention & Exhibition Centre. This year, a 3-day program will be conducted featuring a clinical focus on both paediatric and structural heart diseases, as well as live case demonstrations from the Asia Pacific region.

APCASH is a fast growing meeting dedicated to congenital & structural interventions in the Asia Pacific region. Over the years, the conference has been well known for live case transmissions from renowned hospitals worldwide and experienced operators demonstrating the latest medical device technology. The live cases this year will be transmitted from Beijing, Hanoi, Hong Kong and Shanghai.

Besides live case demonstrations and a wide range of breakout sessions, dedicated Putonghua sessions and allied health program will be introduced for the first time in this year to ensure the meeting remains fresh and to maximize the learning experience for attendees. Your participation is definitely a huge vote of confidence to host this conference.

Hong Kong – Asia's World City – is full of energy and fascination. The breathtaking harbor vistas and spectacular night scene will leave an unforgettable experience. You will also be fascinated by its diverse cuisine, unique history, extensive green countryside and contemporary technology within its compact area.

I look forward to seeing you in October.

Yat-yin Lam
Program Director, APCASH 2014

CONFERENCE INFORMATION

Conference Date

Friday to Sunday, 10 – 12 October 2014

Conference Venue

Level 4, S420 series, Hong Kong Convention & Exhibition Centre
1 Expo Drive, Wanchai, Hong Kong

Boston Scientific
Lifetech Scientific

**Registration will be made by company itself*

**Limited seats. First come first served!*

Allied Health Sessions Sun, 12 Oct

APCASH will collaborate with Hong Kong Cardiac Nursing Association to conduct fruitful sessions to allied health professionals. Preliminary topics are (as of June):

- Essential Cardiac Anatomy Relevant to Structural Heart Disease Intervention
- What You Need to Know for Complication Management in Structural Heart intervention (From Instrument to Procedure)
- Nursing Management on LAO
- Management of Patients Undergo General Anaesthesia or MAC in the Cath Lab

CALL FOR ABSTRACTS & CLINICAL CASES

Submit now!
(Online submission is available)

Call for ABSTRACTS

Closing on 31 July 2014 (please check out APCASH website if any extension)

What to submit?

Submit abstract(s) in 4 parts: Background & Objectives, Methods, Results and Conclusions. Please submit your abstract under one of the following categories:

- Interventional Cardiovascular Imaging
- Congenital Heart Interventions
- Structural Heart Interventions

Benefits

- An opportunity to be a qualified applicant in Best Abstract Competition
- 3 winners will receive cash rewards & certificates
- Registration fee will be waived

Call for CLINICAL CASES

Closing on 31 July 2014 (please check out APCASH website if any extension)

What to submit?

Submit your interesting cases and complications in PowerPoint format. You will be required to first download the PowerPoint template from Conference website. Please submit your case under one of the following categories:

- Interventional Cardiovascular Imaging
- Congenital Heart Interventions
- Structural Heart Interventions

Benefits

- An opportunity to be a qualified applicant in Best Clinical Case Competition
- 3 winners will receive cash rewards & certificates
- Registration fee will be waived

Step in and share your educational and interesting case!

COMPETITIONS

BEST ABSTRACT COMPETITION

5 selected abstracts will be chosen to compete at Best Abstract Competition. Winners will receive cash rewards and certificates. Presentation program will be available in mid of September.

Date: Saturday 11 October
Time: 08:00 - 09:00

BEST CLINICAL CASE COMPETITION

5 selected cases will be chosen to compete at Best Clinical Case Competition. Winners will receive cash rewards and certificates. Presentation program will be available in mid of September.

Date: Sunday 12 October
Time: 15:30 - 17:00
